# COVER LETTER

---

### Dear Mr/Mrs

My name is Omar Jaber,  
Business Solutions Provider and Expert level Python programming on ERPNext,  
Frappe.

Over the last 5 years, I have developed a wide range of open-source software and customization for startup companies and small businesses. I provide the complete (predefined and custom defined) open-source solution for each and every type of business with customization according to their work/business.

I am expertise in various famous platforms like:

Technologies: Python, JS Programming, Linux Ubuntu, Python Data analytics, and Embedded Programming.

Frontend: JQuery, Javascript, HTML, CSS

Data Management: MariaDB and MySQL

CRM: Frappe, ERPNext integration, and customization expert

Private Skills:

I am skilled with direct client communications over the phone, email, and chat. I have handled both customer support, technical services, and sales for various programs and have experience with multiple CRM systems.

Have a strong mathematical and scientific background.

You can also check my daily activity in the ERPNext community:
